Happy Holidays from your Triad

"The Miracles that happen behind these doors."

To Team Victor on behalf of the TRIAD, we cannot express how honored we are to serve alongside each and every one of you! Many will never forget the sacrifices and miracles that are performed daily behind these glass doors. We say this often, and we truly mean it: every one of you are a vital part of our mission and essential to mission accomplishment. As we approach our halfway point, we want to thank each and every one of you for all that you do and what you have yet to accomplish! You are all true professionals and we could not ask for a better Team to serve with. We wish you and your families a happy and safe holiday season. Let's finish strong—there is still work to do!

To our families and loved ones that remain at home, thank you for your sacrifices, and thank you for sharing your loved one with us. We are sure each, and every, member of Team Victor cannot wait to be back on U.S. soil, but we are confident that their efforts here are worthwhile and deserving of recognition. This is not by chance, but through diligent effort, commitment to Country and inner courage. From our family to yours, we wish you all a happy, safe, and prosperous New Year!

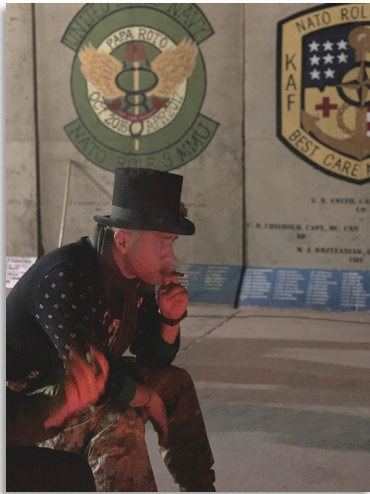

VICTOR ROTATION CHRISTMAS PARTY

*'Twas the night before Christmas when all through the Role 3,
Soldiers and Sailors were celebrating,
And CAPT Cubano in his Holiday sweater, as jolly as could be.
The IV bags were hung by patient bedsides with care,
In hopes that AfghaniSanta soon would be there....*

*...Outside by the flight deck, we enjoyed cigars and s'mores,
While Navy beat Army in Can Jam and corn hole wars.*

*The evening continued with ugly sweaters and Holiday games,
Oreo's on their faces, a victory the Army finally did claim.*

*By 2100 the Triad sprang to their Landcruiser,
And to Victor Team gave a salute.
Away they drove, back to the NATO barracks,
A short commute.*

*But we heard Senior exclaim,
As they sped out of sight...*

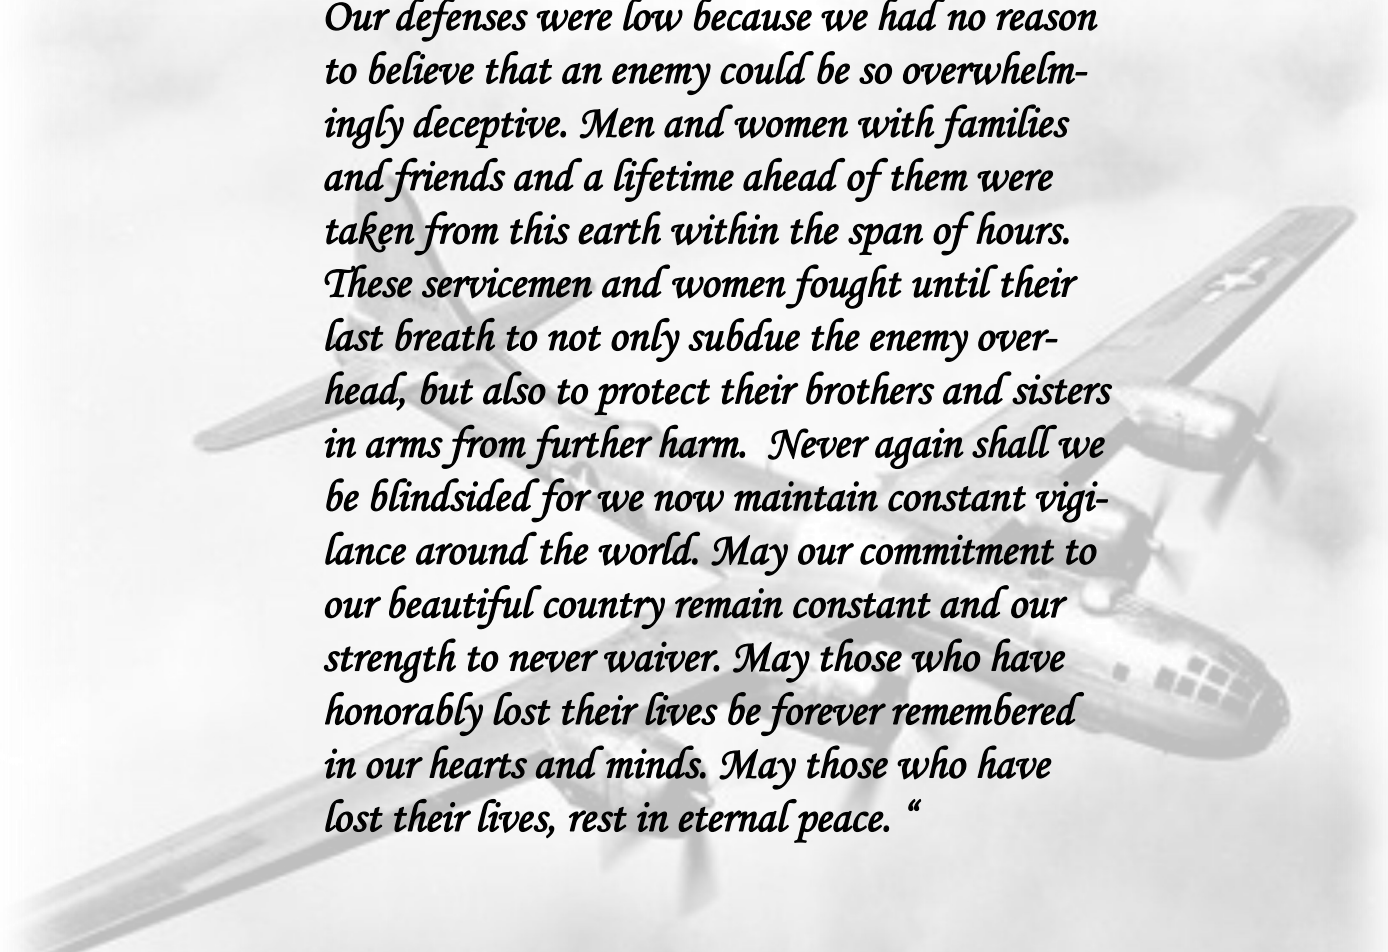

"Oorah Victor, and to all a good night!"

IN MEMORIA: 78TH ANNIVERSARY OF THE ATTACK ON PEARL HARBOR

"a date which will live in infamy..."

Just before 8 a.m. on Sunday, December 7, 1941, hundreds of Japanese planes made the surprise raid on Pearl Harbor. During the attack, which was launched from aircraft carriers, nearly 20 American naval vessels, including eight battleships, were damaged or destroyed, as well as more than 300 aircraft. The surprise raid on the major U.S. Naval base near Honolulu killed more than 2,400 Americans and, in short, brought the United States into World War II. 2,008 Sailors (1,117 stationed on the USS Arizona), 109 Marines, 218 Soldiers, and 68 civilians lost their lives in the attack. The wounded included 710 Sailors, 69 Marines, 364 Army, and 103 civilians.

"We had been deceived by an unprovoked nation. Our defenses were low because we had no reason to believe that an enemy could be so overwhelmingly deceptive. Men and women with families and friends and a lifetime ahead of them were taken from this earth within the span of hours. These servicemen and women fought until their last breath to not only subdue the enemy overhead, but also to protect their brothers and sisters in arms from further harm. Never again shall we be blindsided for we now maintain constant vigilance around the world. May our commitment to our beautiful country remain constant and our strength to never waiver. May those who have honorably lost their lives be forever remembered in our hearts and minds. May those who have lost their lives, rest in eternal peace. "

-HM3 Oscar Valle, DFA

TOYS FOR TOTS

BY HM2 T. MANNING

Can you imagine waking up on Christmas as a kid to no gifts?

As we approached the holidays this season, several Sailors decided to come together to organize a Holiday Toy and Clothing Drive for the less-fortunate children of Afghanistan. The toy drive was held throughout the month of December, and the response was overwhelming. During a recent visit from the International Red Cross in December, three boxes of toys were presented for distribution to children of Afghanistan this Holiday season. We can't thank everyone enough for their kindness and generosity in making this Holiday Drive a tremendous success. Happy Holidays!

STAFF APPRECIATION

“This is one of the cleanest hospitals I’ve ever set foot in.”

These are the words of so many visitors and patients that traverse the Role 3 hallways on a daily basis. This month, we wanted to show our limitless appreciation for staff members who work day-and-night to keep the hallways consistently shining and equipment functional. The Triad presented all facilities staff

with custom-made “Infection Control Team” NATO Role 3 shirts. Thank you for your hard work and dedication to our hospital and patients!

COMMAND SHOUT-OUTS: BRAVO ZULU!!

HM2 T. Manning was awarded the Army Achievement Medal with “C” device for her work within and external to the Radiology Department. Through her efforts at FOB Gecko in training non-radiologic technologists in proper equipment utilization, Manning has demonstrated that she is committed to improving mission readiness.

TAAC-South Commander COL T. Bredenkamp (right) and CSM R. Teakell (left) presented HM2 Manning (middle) with the award during a ceremony held on December 16th. Congratulations, HM2!

This month, Wayne Astbury, Role III Facilities Manager, was presented with the Star Award for his exceptional work at Shorab recently. Instrumental in the completion of projects for power optimization of 50hz facilities, and repairs and inspections of over 300 facilities, Wayne (middle)

has demonstrated he is consistently a top performer. The Star Award is presented to personnel who have exhibited exceptional performance which exemplifies DynCorp International Core Star Values—Deliver Results, Create the Future, Lead with Character, Inspire Commitment, and Build Through Teamwork. Excellent work, Wayne!
